Sacramento, CA 95825~~

Dear Mr. Gregory:

The California Valley Miwok Tribe (previously known as the Sheep Ranch Rancheria) pursuant to its Constitution and Enrollment Ordinance is currently actively seeking to locate eligible individuals who are interested in joining the Tribe as members. As the head of the Tribal Enrollment Committee, I understand that the Bureau of Indian Affairs has received inquiries from and has information on individuals who may be interested in joining the Tribe. Therefore, we are seeking all of the information you can provide as to persons who may be interested in joining the Tribe so that the Tribe can contact these individuals regarding the enrollment process.

In addition, we understand that the BIA may have some information on a Mr. Melvin Dixie. The Tribe has tried for a number of years to locate Mr. Dixie and determine his desire to enroll as a member of the Tribe. In that regard, any information you can provide relating to Mr. Melvin Dixie would be appreciated.

Your assistance to the Tribe on this important process would be greatly appreciated. If you have any questions, or require any addition information, please do not hesitate to contact me.

Sincerely,

Anjelica Paulk
